### Bluebird Song Available

The bluebird is often mentioned in songs, but a song has never been written exclusively about the bluebird.

At the request of the North American Bluebird Society, Douglas Wood of Sartell, Minnesota, has composed "Bluebird, Fly". The song explains the plight of the bluebird in a touching, beautiful way.

This song will enhance slide shows. Used at the end of a program or with accompanying slides, it will leave your audience speechless. Product Code BBC-2

### NABS Slide Program Available For Rent

Eighteen bluebird conservationists have donated 110 colored slides to tell the why's, where's and how's of maintaining bluebird trails. The program has been well received by audiences of all ages. As a result, motivated viewers are constructing those much needed bluebird trails for all three bluebird species.

To give a "bluebird talk", you will need a projector and your own slide trays. Simply check the appropriate box below and return it with your name, address and phone number to:

"Cavity-Nesting Birds of North American Forests" is adapted from the book of the same name by Virgil E. Scott, Keith C. Evans, David R. Patton and Charles P. Stone of the USDA Forest Service. The 80-slide program introduces bluebirders to other cavity-nesting birds which many have encountered on their bluebird trails. Learn why NABS, when founded in 1978, included other cavity-nesting birds in its charter.

To give a "cavity-nester talk" you will need a projector and your own slide tray. A script is furnished for the 20-minute presentation. Simply fill in the three choices of dates you would like to rent the program and send your name, address, and phone number to:
