COLOR SLIDES

Updated Slide Program Available

The North American Bluebird Society wishes to promote the conservation of three bluebird species with the distribution of the NABS Slide Program. Eighteen bluebird conservationists have donated 141 colored slides to tell the why's, where's and how's of maintaining bluebird trails. The program has been well received by audiences of all ages. As a result, motivated viewers are constructing those much needed bluebird trails!

To give a "bluebird talk," you will need a projector and your own slide trays. Simply check the appropriate box below and return it with your name, address and phone number to:

NESTBOXES

Nesting boxes are available in a variety of types, all of which are top quality. Cedar boxes are popular because they do not require painting, and weather to a pleasing color. Pine are economical, and will last longer if painted a light, sun- and heat-reflecting color. Exterior grade plywood are popular because they are of good quality, and are available in kit form. NABS no longer has available the screened top, as evidence of its unacceptability to house sparrows was not conclusive. The nestboxes are available as listed below.

Product Name	Description	Product Code	Price
Pine Nestboxes	Top removes for cleaning	411	2/\$12.50

New!

Lawrence Zelony calls this NEW book "A remarkable new entry into the body of bluebird lore in song and story...Combining as it does the true to nature art work of Richard Lemire with the story of Dion's "Bluebird" it will capture the imagination and delight the eye of the reader." *The Return of the Bluebird* tells the tale of an Eastern Bluebird from Louisiana that responds to an instinctive call to return to Quebec, the land of his forebears; it recounts his trials, his falling in love with a flower, and his encounters with stronger birds that have learned how to survive man and other predators. It is a tale for ALL ages, with a message of courage.
